Dear Susie,

Thank you for your letter! You told me that your parents allowed you to have a pet for your birthday and it really is fantastic! You should think think thoroughly about what pet to get.

I have a dog, although it's my parents who take care of him. I think dogs are definitely more difficult to take care of than cats or hamsters. They need more of your attention, time and energy. Dogs also need to move a lot in order to stay healthy, so you have to take them for a walk at least twice a day.

So, if you think you can do all of it and take good care of your dog, you should get one. If you don't, though, I advise you to get a pet that's easier to take care of.

What pet do you think you are going to get now? Do you personally like cats or dogs more? Have you had a pet before?

Hope to hear from you soon,

Best wishes,

Lera.
