Dear Rom,

Thank you for your recent reply. I am very glad to hear from you again. I am very happy for you!

Speaking about me, I usually use only my computer and smartphone in daily life. These gadgets allow me to find the necessary information on Internet and keep in touch with my nearest and dearest who live in other countries. As for my relatives, they usually use a TV as a kind of entertainment when they want to relax and forget about all home, work responsibilities and hardships of their day to day life.

I think you have a great hobby! What are the rules of this game? How many players are usually in the team? How long does the match usually last?

Looking forward to hearing from you again.

With love,

Nastya
