A	<p style="text-align: center;"><b>Taling Chan</b></p> <p>Come and visit the Taling Chan Floating Market here in Bangkok. The visit lasts a few hours and is available only at the weekend. Meet your tour guide at 11 a.m. and go by bus to the floating market. Walk round and hear about the history of the area. See the boats, full of fresh fruit and vegetables, and then stop to eat. For lunch, you can try traditional Thai dishes like <i>pad thai</i> (noodles) and <i>tom yum goong</i> (a spicy soup with a hot, strong taste). Then, get on a boat and travel back through the market for the return journey. Don't forget your camera! Prices start from £20 per person and include a full meal (lunch). Contact the office to buy your ticket.</p>
B	<p>Hi Sam!</p> <p>How are you? I'm still in Finland. Today we're at Kauppatori Market —it's right next to the sea! It's one of the best places in the world to eat fresh fish. The cooks all use local ingredients, of course. The market's got around thirty food stalls and some have got covered areas where you can sit. We can watch the boats from our table! I've got grilled salmon with potatoes and it's really delicious (better than fast food!). Later, I want to buy some fruit from the food market - I hope they speak English!</p> <p>Love, Anna</p>
C	<p><b>La Merced</b></p> <p><b>What:</b> La Merced is a huge market in Mexico City and the main focus is food. You can also buy other goods, such as shoes or kitchen equipment. This is not a place to visit in a hurry — the market is inside a huge building and it's easy to get lost. There are plenty of places to eat street food inside. It's cheap and popular with local people as well as tourists.</p> <p><b>Don't miss:</b> Try specialities like mole (a sauce) and <i>quesadillas</i> (a type of thin bread filled with cheese). You can get vegetarian or meat <i>quesadillas</i>.</p> <p><b>How to get there:</b> It's a short walk from the main tourist area or take the metro to Merced (line 1).</p> <p><b>When:</b> Open daily 5 a.m. — 7 p.m.</p>

## IDEAL CITY

The problem of city is environmental pollution. This problem is very actual nowadays. We need to solve this problem, otherwise we will kill nature.

One of the solutions is start recycling scheme. Not all our garbage can decay and people must to recycle it. After that our city can be tidier. After decay we have a recyclable materials and people can do with it all they want. For example: roads for cars, playgrounds and another

Next solution is making parks and plant many flowers, trees. But people must look after parks. When the trees grow up, there will be many birds, which will live here. ~~Squirrels~~ Squirrels will also jump on the trees.

If all people watch their actions, cities will be cleaner. Also people should look after nature and help it develop. And in the end it will be an ideal city.
