Dear Rob,

Thank you for your letter. It was great to hear from you again. I'm sorry I couldn't write earlier as I was busy.

In your letter you asked me how I use technologies in my life. Well, I can't imagine life without my mobile phone and laptop now. They help me to be in touch with my friends and get new knowledge. What is more, technologies make my communication with relatives all over the world much ~~more~~ easier. To tell the truth, gadgets really help my aunt in her job as they make working process faster and more effective. My dad and I are fond of TV and we spend every evening in front of the screen.

And what about your match? Where will the match take place? Are spectators allowed? How long will it last?

Anyway, I have to go now. Write soon.

Love,  
Alina
