Writing. Task 5.

Once upon a time one very small tree grew as big as the huge house. A magician walked near it. He thought, «What a big tree! I want to give it some magic!» And he did. It became a magic tree in a usual forest. It stood alone, because other trees said that it is too dangerous for them to be near. Everyone who touched it can be popular as he wants, or become the smartest person in the world. It also could make you feeling happy, or make a good weather. One poor man saw it, he heard about it. But he was so shy. He said that he wanted to be a little bit happy, but he doesn't want money. The tree gave him a person, who loved him.
