Dear Susie,

I'm glad to receive letter from you! Sorry I haven't written to you for so long, but I haven't had connection to the Internet, because I was in Adygea.

I'm so happy, that now you can have a pet for your birthday, because I know, that you have been looking for agreement of your parents about it for so long! It's a good question about what pet you should get, because I used to have various pets at the same time and now I have got dog, two cats and parrot, so it's difficult for me too choose one of many species.

What about dogs... You've mentioned, that looking after them is a trouble and you're absolutely right, because petting a dog means getting many new duties such as walking with it in the morning and in the evening everyday, despite of your chores or homework, teach it like a baby and etc.

Also I don't recommend hamsters, because they live only about several years.

So care about cat is easier, than about the dogs, they live for a long time, so I think cat is the best first animal.

I said, that I was in Adygea... And if you are interested, it was amazing! Beautiful mountains, green streets, river with crystall water won my heart. By the way, where have you been on vacation? What kind of trips do you like? Maybe, we should go on tour to mountains together next time? Let me know!

Write me back as soon as you can!

Best wishes,

Alyssia.
