Writing Task 2

Recently I have attended a sports course, specifically a dance course. There is a wide range of what next class could be. Today it can be a class of classical dance which is just simplified balet. And tomorrow it can be a sport class where we do excercises in order to become stronger and dance easier. The most interesting thing to Learn was the ability to recognise different instruments in the music you listen to when dancing. When you Learn that, you can easily make any sound an accent in your dance.

Besides dance classes, on special occasions our coach loves to go to various places for fun. For example, we have been to a pool, and a summer camp by the sea together and we went ice skating a few days ago. We also have special festive classes at the New Year and Halloween.

At those classes we eat food, play some festive games and even exchange gifts.

Also it is important to tell that every year we learn a dance, rehearse it for various competitions. There is an annual competition in Moscow, but first we usually attend the local, smaller ones.

I definetely recommend this course to everyone who is ready for a lot of sport and a lot of fun. 213 words

in the music you dance where dancing listen to

Hello, I would like to tell you about how technology is used for education in Russia. Currently technology is used for (IT lessons) electronic report cards and for IT lessons.

Recently I have attended an (online History class course.) sports course, specifically dance course. There classes is a wide range of what next class could be. Today it can be a class of classical dance which is ballet. And tomorrow it can be a ete sport class where we just simplified in order to become stronger and dance easier.
