Dear Rob,

Thank you for your letter. I was glad to hear from you again.

You asked me how I and my relatives use technology. I'm happy to answer your questions. I can't imagine my life without technology. I use my computer both for studies and for entertainment. Additionally, I have a smartphone which allows me to communicate with my friends. As for my parents, they use their computers mostly for work but my mum also enjoys shopping online.

You've mentioned that you're having a rugby match on Saturday. I was curious about this sport. How many people are there in a team? How ~~many~~ long does the game last? Is it true that rugby is a dangerous sport?

Sorry, I have to go now as it's time to help my mum. Write back soon!

Love,
Aglaya
