Dear Susie,

Thank you for your letter. It was great to hear from you again. Sorry for not writing for so long, I was really busy with my exams.

In your letter you asked me about a pet. To begin with, I don't have a pet, and it's very sad. As for your choice, I advise you to get a cat as this kind of animals doesn't call for great effort to maintain and can save you some money. Moreover, cats are really unique friends. Contrary to that, dogs need a lot of care, and they get ill easily.

Anyway, I know that you've had a trip recently. Where did you go? Did you like the trip? Where were you staying while travelling?

Well, I must finish now, it's already 11 o'clock. See you soon!

Love,
Rose
